

St. Lawrence County Cornell Cooperative Extension ~ SNAP-Ed Program is partnering GardenShare and:

BRANDY VIEW FARM

Fresh, local, produce from our farm to your table!

Brandy View Farm

In 1831 George Walker founded Brandy View Farm. They are located in Madrid, NY. A variety of products have come off this land over the years. Products include, maple syrup, lumber, sheep, hogs, milk and fresh vegetables! The fresh vegetables that are grown at Brandy View Farm, are grown using only sustainable and natural growing practices. These wholesome and delicious vegetables you will find in your produce box!

Growing Community Connections

We value partnerships that help create lasting relationships between community members and local farmers. These relationships can help to bridge the gap between fresh, local produce and people in our communities that may be facing food and nutrition insecurity.
