

Plant Parts

Have you ever eaten a flower? How about a seed? What about a root? These are three different examples of plant parts that you have probably eaten, even if you did not know it.

All fruits and vegetables come from plants. Can you label the six parts on this plant: **seed**, **stem**, **root**, **fruit**, **leaf**, and **flower**?

Which part of the plant do we eat? Circle all the correct answers.

- a. stem
- b. leaf
- c. fruit
- d. seed
- e. flower
- f. root
