

# North Country Produce Prescription Program (NC FVRx)

Cornell Cooperative Extension

We are looking for local producers to supply fresh produce in St. Lawrence and Franklin Counties for the 2023 FVRx Program

Program participants will receive "prescription vouchers" of up to \$150 worth of fresh produce to be spent with partnering produce vendors.

Serving over 1,000 participating patients and providing \$162,000 in food assistance to support the local economy!

Training and marketing materials will be provided for all participating producers who sign on as partners.

Producers collect and submit vouchers to CCE with a monthly invoice to receive payment.
